Help us to build

St. Michael Church, in Keren

The city of Keren has a total population of about 120,000 of which approximately 20,000 are Catholic. We are in an urgent need of building St. Michael Church, to re-build and nourish the faith of our Catholics.

This church will also be the Cathedral for the new Diocese and the mother church for special celebrations where the faithful from the entire Diocese will be able to gather.

The current St. Michael church built by the first missionaries in **1854** has a bare capacity sitting about **150 people**. Moreover, this church has been damaged by frequent shelling during the war.

Presently, on feasts all liturgies take place under a shabby tent in the dusty and hot local weather in a limited area on the road in front of the small church.

The city of Keren is the second largest in Eritrea. It is sad to see this while Catholics, who represent almost a quarter of the population of Keren, that we do not have an adequate Church where to worship.

Please make your tax contribution to help us construct the house of God and a place of worship for our people possible. Please make a contribution of:

\$25 _____	\$50 _____	\$100 _____	\$200 _____	\$500 _____	\$1000 _____	Other _____
-------------------	-------------------	--------------------	--------------------	--------------------	---------------------	--------------------
