TO
KEREN EPARCHY FAITHFUL
ABROAD

Forwarding my cordial greetings, in your daily life I wish you health and success.

The Eparchy of Keren right after its establishment started from scratches. The epoch of its establishment was characterized by war and post war consequences which still endangers the ongoing development. Due to this the Eparchy tried to implement only one third of its plans, the rest remained untouched. While we are in such a miserable situation the emergence of Covid-19 and in some parts of the world in conjunction with it, new war zones worsened the life of the Eparchy to the point of halt.
It is under this situation that, the 3rd International Conference come into existence a providence to the already weak and fragile economic state of the Eparchy. Preparatory zoom meetings were held several times, which paved the way for the final one which took in August 2021, in which a **$100 per year** was allocate to each person above 18 for the upkeep of Keren Eparchy; the purpose of this fund raise is to keep going the following Eparchial operations.

1. Maintenance of Seminary
2. Subsidy for pastoral agents, the Parish Priest, and the Catechists,
3. Maintenance of the Orphans and the needy
4. Running Eparchial offices,

If this program works as desired, the Eparchy will be self-sufficient from its own people in and abroad. I beseech each and everyone to make this program feasible by donating what is decided in the 3rd International Eparchial Conference.
I take this opportunity to thank all those who have made us reach to this stage, and I implore God's blessing upon them and each of you.
With gratitude
